

Introduction

Ganga Hospital has launched an initiative, in collaboration with Department of Health Research (DHR) towards Human Resource development; by providing training in the comprehensive management of Spinal Cord Injuries

About Us

Ganga Hospital is a tertiary care centre and treats more than 150 cases of spinal cord injury each year. The patients undergo a comprehensive rehabilitation program at the Ganga Spinal Cord Injury Rehabilitation Centre (GSIRC) ranging from 6-8 weeks. We invite participation from Surgeons, Emergence care physicians & postgraduates for this training program to be conducted over 3 days.

Target Audience

- **Junior and mid- level faculty from Orthopaedics and Neurosurgery at teaching medical colleges**
- **Post graduate trainees in Orthopaedics, Neurosurgery and Emergency medicine**
- **Orthopaedic surgeons and Neurosurgeons in private practice**

Key contents of the Program

- Fundamentals of Spinal Cord Injury
- Acute management of spinal cord injury
- Surgical management strategies in SCI
- Hands on microsurgical techniques for spinal decompression, pedicle fixation and dural repair surgery in calf model
- Post surgical physical Rehabilitation, bowel and bladder management training in SCI
- Vocational rehabilitation strategies and Basic Science Research in SCI

Course Dates

The course fees would be Rs 2000/-. We are conducting 4 modules of this course this year. Each module will have the maximum of 5 participants. The provisional dates for these modules are as follows.

Dates : June - 4 to 6, 2018, July - 2 to 4, 2018

Further dates for this year will be intimated in the Hospital website : www.gangahospital.com
